Ningbo Golten Electronics Co., Ltd.

GTUWP-5.0 PANEL CONNECTOR

GTUWP-5.0 Panel Connector Introduction

GTUWP-5.0 Panel Connector is mainly assembled by Upper cover, Balance column, Spring, Button, and Lower cover.

Electrical Properties

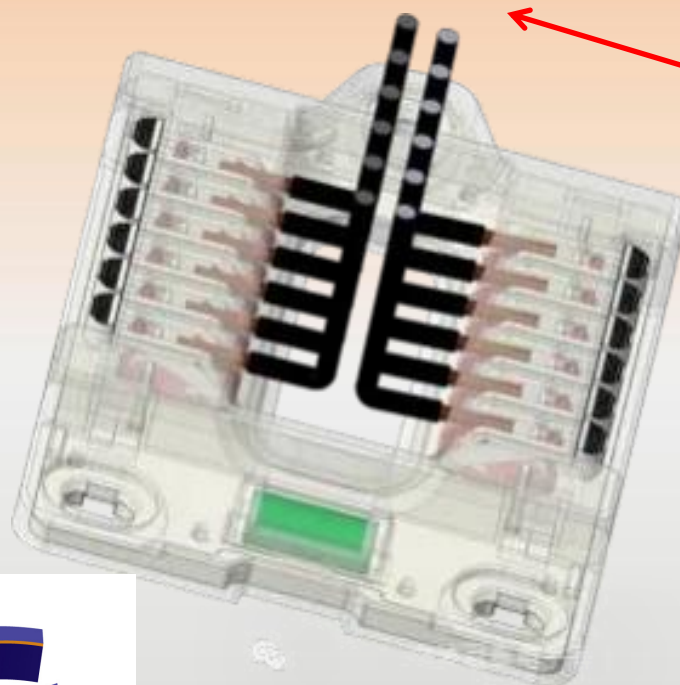

Part No.	GTUWP-5.0
Nominal Voltage	300V
Nominal Current	5A
Conductor Cross Section	Φ0.6~ Φ 1.4mm
Contact Resistance	20mΩ MAX
Withstand Voltage	AC2000V/1Min
Operating Temperature	-40 °C~+105 °C

Product Advantages

Easy wire insertion and extraction: Facilitates reliable connections for up to 12 conductors (0.3-1.5mm²) using multiple connection techniques.

Safety wire insertion on the right position.

Preventing wrong wire connection

Connection method.

Application

GTUWP-5.0 Panel connector is extensively used in the **instrument and meter industry.**

Easy to plug-in and out;

Providing a safety and stable electrical connection.
